

FORMULA  
21055

**CONCENTRATED CLEANER DEGREASER**

**DESCRIPTION**

A concentrated and unique formula that incorporates a new generation surfactant system that effectively cleans and degreases even at extremely high dilution ratios. Formulated for versatility where multiple job performance is needed and a single product is required. MAXX contains no acids. Contains a blend of high tech chelating agents to make it effective when used in hard or soft, hot or cold water. Biodegradable and free rinsing.

**BENEFITS**

**Versatile:** Works on many soils and many surfaces. Use in hot or cold water. Contains powerful cleaning agents.

**Economical:** Concentrated. May be used at very high dilution ratios. Cleans quickly, saving labor, saving dollars, saving time. Its versatility eliminates the need for added cleaners.

**RECOMMENDED USES**

Use in dip tank cleaners, automatic floor scrubbers, steam cleaning units, mop and buckets and trigger sprayers to clean where mild cleaners fail and harsh caustics may do damage. MAXX is designed for cleaning equipment, parts, tools, walls, floors and a whole lot more.

**DIRECTIONS FOR USE**

Dilute concentrate according to cleaning requirements. Apply solution to surface, when possible allow a short time for soil penetration. For painted surfaces test in an inconspicuous area when using for the first time. Contact your local CHEMSAFE representative for further information.

**SPECIFICATION DATA**

Form:	Liquid
Color:	Yellow
Odor:	Pine
Detergency:	Excellent
Wetting Ability:	Excellent
Foaming:	Moderate
Biodegradable:	Yes
Stability:	One year minimum shelf life at room temperature
Flash Point:	None
Specific Gravity (at 60/60oF):	1.05
Solubility:	Complete
pH - (10%):	12.5
Acids:	None
