CONCENTRATED, NON-BUTYL CLEANER - DEGREASER

DESCRIPTION

A concentrated and unique high solids formula that incorporates powerful grease cutting agents and a new generation surfactant system that effectively cleans and degreases even at extremely high dilution ratios. Formulated for versatility where multiple job performance is needed and a single product is required. STEAM KING contains no acids, or hazardous solvents. Contains a blend of high tech chelating agents to make it effective when used in hard or soft, hot or cold water. A unique blend of mild rust inhibitors leave an invisible protective coating without leaving an oily film. Biodegradable, non-toxic and free rinsing.

RECOMMENDED USES

Use in dip tank cleaners, automatic floor scrubbers, steam cleaning units, mop and buckets and trigger sprayers to clean where mild cleaners fail and harsh caustics may do damage. STEAM KING is designed for cleaning equipment, parts, tools, walls, floors and a whole lot more.

BENEFITS

Versatile: Works on many soils and many surfaces. Use in hot or cold water.

Safe: Contains no acids or hazardous solvents. Safe on many surfaces and in all mechanical equipment.

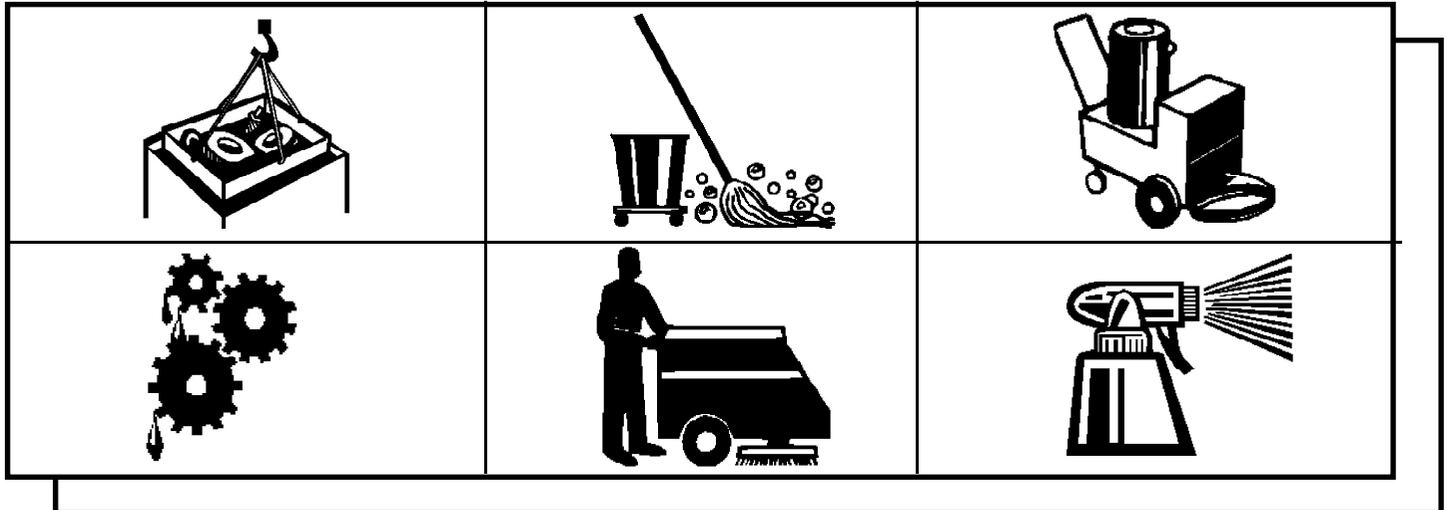

Economical: Concentrated. Maybe used at very high dilution ratios. Cleans quickly, saving labor, saving dollars, saving time. Its versatility eliminates the need for added cleaners.

Powerful: Formulated for fast penetration, removal and suspension of grease, oil, fats, and more

DIRECTIONS FOR USE

Dilute concentrate according to cleaning requirements. Apply solution to surface, when possible allow a short time for soil penetration. For painted surfaces test in an inconspicuous area when using for the first time. Contact your local CHEMSAFE representative for further information.

CONCENTRATED, NON-BUTYL CLEANER - DEGREASER

SPECIFICATION DATA

Form:	Liquid
Color:	Clear Water White
Odor:	Characteristic
Detergency:	Excellent
Wetting Ability:	Excellent
Foaming:	Moderate
Biodegradable:	Yes
Stability:	One year minimum shelf life at room temperature
Flash Point:	None
Specific Gravity (at 60/60°F):	1.18-1.20
Solubility:	Complete
pH - Concentrate:	13.5 ± .5
Corrosive:	Yes (DOT NA1760)
Acids:	None
Hazardous Solvents:	None
Butyl Cellosolve	None
